Woman Left Beaten, Raped In Gravel Pit

Andover police, joined by specialists from the district attorney's office, were continuing their investigation into the brutal beating and rape of an Andover woman in an abandoned gravel pit last Saturday.

The woman, whose name is being withheld by the Townsman, was found Sunday by a group of friends and neighbors who organized a search party after she failed to return home Saturday. She had left Saturday afternoon to photograph Autumn foliage.

Det. Sgt. Robert Parker of the Andover police said Wednesday that efforts had been made to talk to the victim who has been in the intensive care unit of Lawrence General hospital since Sunday.

Parker said that a special rape investigation team from District Attorney Kevin Burke's office, joined in the in-

vestigation on Tuesday.

But, Sgt. Parker pointed out, the victim is too traumatized at the moment to provide sufficient information about the incident, and it could be some time before the woman will be able to recount the events.

The Andover police official said that the woman was attempting to be co-operative, but her condition prevented the obtaining of too much information.

Some bits and pieces have been obtained, Sgt. Parker said.

The victim, unmarried, resides with her parents and is a college student in Boston.

She had left her home early Saturday afternoon to photograph foliage. Her parents reported her missing late Saturday.

Sunday morning a group of about 100 relatives, neighbors and friends joined in a

search and found her in the gravel pit, off Woburn street, near the Wilmington line, about 10:45 a.m.

She was taken to the Lawrence General hospital where she was admitted for treatment of a fractured skull and fractured jaw.

Police said she had been beaten with either a rock or a belt, found blood-stained a short distance from where the victim was found.

Her camera was missing. She had no money or pocketbook with her when she left home on Saturday, her parents informed police.

Sgt. Parker said that several reports of activity had been given police since the incident, mostly concerning vehicles seen in the area, but nothing as yet to assist in

Architects Perly F. Gilbert Associates of Lowell are preparing figures which show how the 4700 students projected for 1985 will be distributed according to the several grade organizations now under consideration by the school building committee.

The figures will be presented to a joint school committee/school building committee meeting, originally scheduled for Tuesday, now rescheduled for next Thursday night.

The delay is partially due to scheduling problems and partially to the delay in settling on a formal 1985 school population projection.

That 4700 figure was chosen last Thursday at another joint meeting. The number was a compromise between the 5000 projection of Dr. Joseph Baglio and the Merrimack Valley Planning commission's 4300. It is also within the "blur" region allowed for statistical error between the two figures.

In explaining this, school building committee member Frank Hill explained that the line graphs presented by Baglio and the MVPC may be misleading. "We are kidding ourselves if we are looking at lines," Hill said.

He said there is a probability density factor which goes with each line, and that predictions cannot be as definite as may be indicated by a line.

Assuming a six percent margin for error, Town Manager Jared S. A. Clark said, the two figures could be brought within 100 of each other. With that margin, Baglio's figure might drop to about 4700 and the MVPC's might rise to 4600.

"Somewhere in that range is close," Clark said.

School Committeeman John Eaton said Baglio told him that he was still confident in his figures. He added that Baglio said he did not believe a recent census of Andover residents which indicated that about 400 pre-school-aged children, and presumably their parents, moved out of town in the last year.

However, Eaton said, if Baglio were to accept that figure, then he would lower his estimate from 5000 to 4750.

Clark said the census Baglio referred to produced figures which the town clerk had a "high level of confidence in."

School Building Committee Chairman Kenneth Gropper moved 4700 as the figure to accept. Eaton and School Committeeman Joseph Finn said they preferred higher estimates, but 4700 became the mutually agreed upon number.

School Committee Chairman Elaine Viehmann broke the 4700 down into elementary, junior high and high school populations according to the present grade organization, 6-3-3. She proposed 2200 in elementary, 1300 in junior high and 1200 in high school for 1985.

The project architects will break those figures down further into projected enrollments for individual grades, and then make predictions of elementary junior high and high school enrollments according to other grade organizations. They include 6-2-4, 5-3-4 and 4-4-4, as well

Aluminum Sorted In Snow

By Virginia Cole

The aluminum you brought us was sold for the benefit of the town and conservation in general. Four of us packed the 30 bulging trash bags in our cars and met the Reynolds truck in the middle of the snow storm that wintry week.

We found that Reynolds likes their aluminum in clear plastic bags so they can see what they are buying. They want their foil more or less separated from the cans. So we repackaged in the snow storm, removed some plastic that had slipped by us and generally felt like denizens of a dump. Finally all was satisfactory to the Reynolds representative who stood up in the truck over our heads and passed out directions like a king to his subjects.

Our bags weighed 263 pounds and we received a check for \$60.49. Instant payment and a little more added to our account to offset the collection cost.

To Collect For UNICEF

On Halloween afternoon and evening children from various community organizations will be collecting money for UNICEF. The money that is placed in the bright orange boxes provides food, medical supplies, equipment, training and expertise to aid children in developing countries.

Children of Phillips Academy faculty, South Church and West Parish Church in Andover and North Parish Church in North Andover, will be participating in the collection.

The Andover Housing Authority has a limited number of certificates that have not been renewed and are presently available. An additional supply of certificates may be available in the near future.

Successful applicants that receive certificates shall seek and find their own apartment that will pass code inspection. The choice of apartments is up to you. In many cases you may be able to stay in your present quarters. The Elderly and Handicapped will pay 25% of their income in rent and the Andover Housing Authority will pay the difference between that rent and a Fair Market Rent Schedule.

Those wishing to participate must make a separate application for the Section 8 assistance.

YOU MAY BE ELIGIBLE

EQUAL OPPORTUNITY HOUSING

Applications will be accepted daily from 8:00 A.M. to 4:00 P.M. at the Authority office at 100 Morton Street, Andover, Mass.

We will collect aluminum again on Saturday, Nov. 17. Please check your cans. Be sure they are aluminum; you can only tell positively with a magnet. Frozen food trays are all aluminum and are much appreciated. Aluminum can be reused many times. Recycling it saves a scarce metal, saves energy in manufacture, saves costs of trash disposal, saves space in land fills. See you Nov. 17. Every little bit helps.

Appeals Board In Session

A Zoning Board of Appeals hearing on the issuance of a building permit for a Dunkin' Donut shop proposed for Shawsheen Plaza was scheduled for Thursday, Nov. 1, in Memorial Hall Library.

The appeal is being brought by the Friends of Shawsheen

That hearing is one of several scheduled by the board for its regular monthly session.

To Review Solid Waste Proposal

A review by selectmen of the proposed solid waste disposal contract which was approved by October town meeting was scheduled for the board's Nov. 5 conference session.

The board wanted to discuss the contract among themselves and with the planning board before giving Town Manager Jared S. A. Clark to go-ahead to negotiate with UOP, the firm proposed to burn Andover's trash and use the heat from it to generate electricity.

In another solid-waste development, a meeting with Gov. Edward J. King, Clark and Selectman Chairman Edward M. Harris was scheduled for Oct. 30.

The meeting was scheduled by the governor's office to discuss the technical implementation staff provided by the state department of solid waste.

Lawrence General Hospital is ready to show off its newly modernized and expanded Radiology Department.

The general public is cordially invited to an open house on Sunday afternoon, Oct. 28, from 2 to 4 o'clock in the afternoon. There will be guided tours, exhibits, displays and refreshments. Staff will be on hand to answer questions and explain new features of the department.

According to Kenneth Pedini, M. D., Chief Radiologist, "Lawrence General's Radiology Services now meet the demanding standards of modern diagnostic X-Ray services." The new area has seven principal diagnostic areas for patients, as well as a Special Procedures Room where general vascular procedures, such as arteriograms and venograms, are performed. Thoracic surgeons, with radiologists, perform pacemaker implants in the Special Procedures Room.

"We're pleased to say that our new facility provides features to insure a maximum of patient comfort and privacy," said Andre Belanger, Chief Radiologic Technologist. "More than 55,000 patient exams were performed here last year. We hope to be able to do the same and more next year while providing a pleasant and comfortable new environment for our patients."

Completion of the X-Ray Department building project signals the end of an expansion and modernization program begun in March of 1978. Cost for the project was \$704,000, supported in large part by donations to Lawrence General Hospital's Capital Expansion Fund.

Lawrence General's X-Ray Department is open 24 hours a day, 365 days a year, and employs a staff of 57 full and parttime. Eight radiologists provide physician coverage for the department.

Persons attending the Open House will

Residents Asked To Help Save George And Martha

Andover residents are being asked to join the "Washingtons Belong in Boston" campaign, to keep the famous Gilbert Stuart portraits of Martha and George at the Museum of Fine Arts.

Displays regarding the paintings and posters and brochures explaining their plight are at Memorial Hall Library and the Andover Savings Bank.

The Smithsonian Institute has offered \$5 million to the Boston Athenaeum, owner of the portraits, to move them from the Museum of Fine Arts, where they've been on view to the public for 103 years, to Washington, D. C.

The Museum of Fine Arts has agreed to match private donations 50-50, in an effort to come up with the \$5 million to keep the portraits here, and contributions are being sought from individuals, businesses and organizations throughout New England.

Selectman Norma Gammon, honorary chairman of the fund drive in Andover, says checks may be made out to the Commonwealth Cultural Preservation Trust, and mailed to her care of Town Hall, Andover.

Gammon noted this week that more than 50 percent of the Smithsonian's funds come from the Federal government, so

taxpayers will be paying for the paintings anyway.

In other words, she said, Massachusetts taxpayers would be paying to send the paintings to Washington if they don't help keep them here.

History buffs claim that Washington "belonged" to Boston long before he became "Father of The Country." In July, 1775, he arrived in New England to take command of the Continental Army, and eight months later, in a brilliant maneuver, he had 66 cannons dragged from Fort Ticonderoga to Dorchester Heights. The next morning the British, rather than risk heavy losses, abandoned the city. It was Washington's first major victory in the struggle for independence, and Evacuation Day has been celebrated here on March 17 ever since.

In 1796, during Washington's last year as President, Martha Washington asked the renowned artist Stuart to paint portraits of her and her husband. Stuart obliged, but realizing their great value, decided to keep them for himself. Overtaken by hard times after his move to Boston in 1806, Stuart made numerous copies of the portraits to pay his creditors, but kept the originals. In 1831, three years after his death, his widow sold them for \$1500.

In 1811 the Washington Monument Association was formed to raise money to erect a statue of Washington in the new State House on Beacon Hill. When it was completed, the Association had a surplus of \$800. That sum, along with \$700 from 22 individuals, was used to buy the portraits for the Boston Athenaeum.

In 1876 the Athenaeum placed the portraits on loan with the Museum of Fine Arts, where they have been ever since. Faced with rising costs, however, they've decided to sell the masterpieces. After the Smithsonian's offer, a grass roots movement got underway to keep the portraits here.

Composer Featured In AIM Program

George Kleinsinger

American composer, George Kleinsinger will come to Reading Memorial High School on Oct. 28, at 3 p.m. to narrate his works "Pan the Piper" and "Once Upon an Orchestra" for the children of Andover during the first concert of Adventures In Music's 1979-1980 series. Kleinsinger has composed in many fields: symphonic works, film scores, ballets, choral works, musical comedies, commercials, and much more.

"Pan the Piper" concerns a shepherd who happens to pick up a reed, sigh into it, and before we know it, Pan has a "band" of traveling shepherds who on their travels see people making music in many ways. Through Pan's pipe and the instruments the shepherds meet on their travels, Kleinsinger points out the forerunners of instruments in the modern orchestra.

The instruments come together, in "Once Upon an Orchestra," but in such a disorderly manner that the composer cries out that his melody has been ruined. A trial is held in front of the double bass who serves as judge. After the various instruments have appeared as witnesses, the judge finds them guilty of breaking the laws of harmony. After a just punishment, the instruments learn to sing together. Each of these pieces should be considered a listening lesson in itself.

The final piece in program one is "Rhapsody in Blue" by American composer George Gershwin. For the performance, AIM music director Newton Wayland, will use the original version,

written for Paul Whiteman's band. The piano solo will be performed by Michael

Arnowitt of Lexington who was a winner in the AIM composition contest seven years ago. For further information about the concert, contact Mrs. Richard Nichols.

Don't rev up the engine and quickly shut it off, thinking you've primed it to restart later. All you've done is dump raw fuel onto cylinder walls where it will wash away the protective oil film and increase engine wear when you restart. It's also a waste of gasoline.

Planners View 39 Lots Ready For Activity

Plans to build homes on the sites of two dormant West Andover subdivisions, representing potentially 39 new homes, were starting to stir at a planning board meeting Tuesday.

Joseph Johnson has expressed an interest in building on 29 lots of the Essexwood subdivision, and George Chongris wants to build on ten of 21 lots in the Forest Hills subdivision.

Johnson said he had signed a purchase and sales agreement for the 29 lots off River Road. The land is now owned by the Essex Broadway Savings Bank which foreclosed in June on the mortgage taken out on the property.

As soon as "minor technical problems holding up conservation commission, board of health and planning board approval are worked out, he will purchase

the land and begin to build, "the next day," Johnson said. These problems were expected to be resolved by the end of November.

One of those problems, drainage, was discussed with the board by engineer Frederick Dewsnap, representing Johnson. Dewsnap said his review of plans originally submitted for the subdivision showed that insufficient storm drainage pipe and catch basins were planned for originally.

To correct the problem, Dewsnap said Johnson planned to increase the width of some storm drainage pipe already in the ground by three to 12 inches, and install catch basins and two outlet pipes from the overloaded storm drain line.

The town is in the process of working out a mutually satisfactory agreement to allow Chongris to redefine and build on ten of 21 lots in the Forest Hills subdivision off Cross Street which were originally approved in 1968.

Community Development Director Rhys Kear told the board that the agreement being reached would be "sensitive to the constraints of the land, but not in compliance with today's bylaws." The lots would be in compliance with the standards required when the subdivision was laid out.

The remaining lots, and other land not subdivided, totalling about 65 acres, would be offered to the town for an undetermined price, probably between \$100,000 and \$150,000, according to Kear. The funds for the purchase have already been appropriated by town meeting under wetlands protection.

If the conservation commission recommends the purchase, it can be brought before the selectmen for approval, possibly within two months, Kear said.

Since much of the site is wetlands, the planning board did not favor its development generally. "Anything we can do to

avoid building on any of these lots is a step in the right direction," said Planning Board Chairman David Erickson.

Discussion of both subdivisions was informational and the board took no formal action.

Volunteers Needed For Haunted House

Would you like to join in a worthwhile community effort?

Andover's Haunted House is still waiting for you to volunteer and to be lured inside.

The Haunted House, sponsored by the Department of Community Services, is scheduled to open its doors between 8 p.m. and 10 p.m. Halloween evening.

But because of the lack of volunteers, the demise of this exciting Halloween event is imminent. Volunteer workers are desperately needed in the areas of goulsh guides, prop construction and special lighting effects.

All that is needed to assist is to visit the Community Services office on Bartlet Street during any of the following times (any amount of donated time will be appreciated): Thursday, Oct. 25 through Wednesday Oct. 31, 3 p.m. to 8 p.m.; Sunday, Oct. 28 from 9 a.m. through 12 noon.

Anyone wishing to donate props may do so by contacting the Community Services Department.

Costumes and make-up are also needed.

Americans ate an average of 278 eggs each last year, the first year-to-year increase since 1971, when the annual total was 312 eggs each.

Rosinski Takes Over Webbers

The manager of Webber Home Center, 105 Mass. Ave., North Andover, for 12 years, bought the business this week and has renamed it "North Andover Building Center, Inc."

Gene Rosinski, 88 Bailey St., Lawrence, is the president of the new corporation. He said he would continue to cater to the

"homeowner and do-it-yourselfer" and expand the product line.

Rosinski managed the Webber Home Center since it opened in North Andover in 1967. The Webber parent company has six stores and is based in Fitchburg. Rosinski said the North Andover store has always been profitable, but that the company accepted his offer to buy it.

At present, the company employs six and Rosinski said that he will expand. He said the several buildings which house lumber, tools, hardware, siding and various home products would not expand in the immediate future.

A new service Rosinski plans is daily

delivery to the home.

Rosinski grew up in Lawrence and was graduated from Central Catholic High School, Merrimack College and New England Institute of Anatomy, Boston. He is associated with his father in the Salem St. Funeral Home, Lawrence.

He is married to the former Camille Buonanno and they have two children, Laurie, a student at St. Mary's in Lawrence and Janine, at St. Patrick's in Lawrence.

Breakfast

Chiam Goldgraber will be the guest speaker at a breakfast meeting of the Joseph Koffman Lodge of B'Nai B'rith Sunday, Oct. 28, at 9:45 a.m. in the Congregation Tifereth Ashai Stard on Lowell St. Lawrence.

Goldgraber is a seventh generation Israeli, and will discuss problems now facing Israel.

The breakfast will be a buffet.

In ancient Russia, it was believed that a skein of red wool wound about the arms and legs would ward off fevers.

Choral Students Plan Cabaret

On Friday and Saturday evenings, Oct. 26 and 27, the Andover High School Choral students will hold their annual fund-raiser, "Cabaret" at South Church, 41 Central St., Andover, beginning at 8 p.m.

Specialty acts, soloists, the A Capella Choir, Madrigal Singers and Barbershop groups will all be combined into an enjoyable evening for young and old alike. Decorations will be 'cabaret' style, and

dessert, coffee, and soft drinks will be served to the audience.

The annual "Cabaret" is a major fund-raiser for the choral groups, and the proceeds from this event have been used in the past two years to offset the students' expenses for their spring trips to Washington in 1978 and to Philadelphia in 1979. In the spring of 1980, the choir plans to attend the 6 Flags Music Festival in Atlanta, Georgia where they will be in-

involved in competition.

The students hope that the members

of the Andover community will plan to attend "Cabaret." Tickets for either evening may be purchased from any high school choral student, or by calling the Fine Arts Department at Andover High School.

Shape is the Word for Fall

The fall fashions are out, and the word is **shape**. Pants are slim, narrow skirts remain popular, and jackets are fitted.

The most popular item in the fashion line-up for fall is the suit. In almost every color, fabric and style, suits for men and women are filling the racks at clothing stores everywhere.

Chiffon, gabardine, silk, wool, and knits are popular fabrics for fall '79, and the colors are spectacular.

Fit is important this year. To help keep the great fit of your new clothes, John Anton's Cleaners suggests that you bring all of your new fall fabrics to them. Frequent and proper cleaning is important to help keep your new clothes looking great all season!

THE TOWNSMAN, OCTOBER 25, 1979

Backstreet Fine Dining and Spirits, 15, 17, 19 Essex St., was allowed to redescribe their premises on their liquor and victualler's licenses Monday, despite opposition from the Andover Baptist Church.

With Selectman James Abramson abstaining, the rest of the board voted the change which provides for a cocktail lounge and a small dance floor in the restaurant, and an expansion of storage facilities.

The proposed changes to the restaurant allow for the dining facilities to extend 47 feet west on Essex Street toward the Baptist church.

According to statute, if the restaurant expanded 50 feet, any church or school within 500 feet of the original facility would have a veto power over the expansion.

Allan Clarke, moderator of the Baptist church standing committee, said he thought Backstreet was well run by its

current owner Richard DeAngelis. However, he said, in the last four or five years, ownership of the premises has changed three times. His fear was that DeAngelis might sell to a less conscientious owner who could change the character of the place.

With the provision for a dance floor

allowed now, Clarke said, a future owner might open a disco.

Selectmen assured him that any change of ownership would call for another public hearing before any licenses could be issued.

Since the crux of the Baptist concern seemed to be the dance floor, Selectman

Chairman Edward M. Harris asked owner DeAngelis if he would forfeit it as a compromise.

DeAngelis rejected the idea, saying it would prevent him from creating the type of atmosphere he wanted. "It's like dressing up with a suit and not wearing a tie," DeAngelis said.

Strangely enough, we really don't live forever.

Wouldn't it be nice if we could, though? We might eliminate a lot of anxiety and responsibility. Things like providing for the family, getting the children through college. Or maybe, how we can pay off a mortgage or buy out a business partner.

Since we don't know how many years we'll get, doesn't it make sense to protect the important things in life right now?

Seminar On Dying At Church

The West Parish Church of Andover will sponsor a four week seminar, Preparing for Death. The seminar begins this Sunday evening, Oct. 28 from 7 to 9 p.m., and will continue for four consecutive Sunday evenings.

This seminar is designed to deal with the practical and real questions we all must face to deal with death as a real and present reality of life.

On Sunday, Oct. 28, Dr. Jack T. Evjy, M.D., director of Clinical Oncology Services at Bon Secours Hospital and associate professor of medicine at Boston University School of Medicine, will speak. Dr. Evjy will focus on how to relate to a dying person, to the hospital staff, whether to remain at home or be

hospitalized, how to face our own death. Coordinating and leading the seminar is Rev. Nancy Klassen, Associate Minister. The public is invited to any one or the entire series of this seminar.

Under the leadership of Jack Erle, canvass chairman, the members of the vestry serving as captains and approximately 40 members of the parish as canvassers will go forth to seek pledges for the 1980 parish budget, which mainly due to inflation and especially the cost of fuel, must of necessity be 20 percent higher than the budget for 1979.

School Closing, Less Staff Are School Budget Factors

27

The school committee Tuesday night directed the administration to begin working on a 4 to 8 percent increase budget for 1980-81.

Among the factors that will have a significant bearing on this year's deliberations are the possible closing of a school or schools, and further reduction in force because of declining enrollments.

Supt. Kenneth R. Seifert said that the four percent difference was "significant" when talking about a \$12 million budget. The wider the margin, he said, the more possible alternatives there are.

"We're not naive enough" he added, "to think that we're going to have a nice budget for eight percent."

Seifert had warned earlier that cutbacks may now have to come in the area of instruction, but the committee seemed to favor sticking with last year's philosophy of maintaining classroom instruction at its present level.

Committeeman Joseph Finn said that given the choice, he'd "reluctantly" do away with "peripheral" activities such as athletics and extra-curricular events first.

Seifert presented a state-wide com-

parison of Andover's per pupil costs against the state average. In the instructional teaching area, he said, Andover ranks 39 out of 354 communities, with a \$1,054 per pupil average compared to \$925 state-wide average. In guidance, however, Andover ranks 206 out of 354, with \$29 per pupil, versus \$38 for the state. In central office administration, Andover is 258 out of 354, with a per pupil cost of \$31 versus \$47.

That means Andover spends \$16 less for each pupil on administration, Seifert said. "Multiply that times 6,000 pupils and see what you have."

Andover ranks 124 out of 354 in plant operation expenses, with a per pupil cost, of \$205 compared to \$216 on the statewide.

Andover also ranks 118 out of 354 in Fixed Charges (in Andover's case that's mostly Blue Cross/Blue Shield), with \$17 per pupil versus \$16 state-wide.

Committeeman John Eaton said he had thought Finance Committee Chairman Donn Byrne was going to start an insurance review several months ago, since that is much a major fixed item in the budget. FinCom's Rusty Dunbar said she'd get right on that topic.

Question Sewer Permit

Questions over the advisability of issuing Shawsheen Chemical Co. a permit to install a sewage pumping station, and the legality of denying it, led selectmen to table the matter for discussion at their Nov. 5 conference session.

Selectman Susan T. Poore said, "This board has not adequately explored planning and legal aspects of lift stations and that concerns me very, very deeply."

The lift station, another name for a pumping station, would pump sewerage uphill from the Shawsheen Chemical facility in Ballardvale, into the town's gravity sewer.

Poore said that the town now has bylaws which regulate lift stations in subdivisions, and perhaps regulations are needed in a case where one industry wants to install one.

Selectman Chairman Edward M. Harris asked if a precedent had been set on the matter by the previous issuance of similar permits. He asked if the town would be open to litigation if it denied this permit, but had granted similar ones before.

First And Last

Edith St. Jean, shown here resting after the five-mile community services department road race Sunday, had the distinction of finishing last, but still winning a first-place trophy. She was the only competitor in the women over 60 category, and by finishing the race, won the trophy. She is shown here with her sister, May Robbins.

General Maintenance Post To Be Examined

Members of a subcommittee to study the possibility of combining maintenance of town and school buildings, were chosen this week from the board of selectmen and school committee.

Named to committee were Selectmen Susan T. Poore and James Abramson, and School Committee Chairman Elaine Viehmann and Committeeman Joseph Finn.

Also to be included are Town Manager Jared S. A. Clark and Supt. Kenneth R. Seifert, and a member of the Finance Committee, still to be appointed.

The selectmen took the first step toward formation of the group Monday night, and Viehmann told the school board Tuesday she had been "informed indirectly that they acted on this last night."

She and her colleagues emphasized that the subcommittee would study the possibility of a combined maintenance effort, but that it wasn't etched in stone that it would materialize.

Viehmann named herself to the committee, "since I have spent a lot of time thinking about this," and Finn, who complied with an "I volunteer."

At the selectmen's meeting, Poore suggested that the first meeting of the group include only elected officials, in order to settle "certain policy issues."

"Let's start off slow," Poore said, "and not make it 50 miles per hour at the first meeting."

After her appointment to the committee she added, "I know where all the bones are buried."

Viehmann gave the schoolmen a little

history Tuesday night, noting that town meeting a few years ago gave direction for three new employees: a purchasing agent, maintenance head and computer person. She said it took two to three years to get the maintenance specialist, and that it had been the school committee's understanding that he was "to work for us for a while," and then they'd try to work out a way he could take on town responsibilities as well.

The original plan never came to pass, she said, because of the changing of town managers, reorganization of town departments and the like.

Formation of the maintenance committee was a logical step, she said, to study "the hows of doing it — or if there are any hows."

Consider Vacation Extension

There could be a longer Christmas vacation this year — or some other variation on the school calendar in the interest of conserving energy.

Supt. Kenneth R. Seifert told the school committee Tuesday night that while it is too early to take definite steps, he wants to alert the community that Christmas vacation might be extended this year to two weeks.

He shared a letter from State Education Commissioner Gregory R. Anrig, recommending that school committees consider extending the December vacation to include Jan. 2, 3 and 4, giving two full weeks of fuel savings during that cold-weather period.

The recommendation had been made by the State Board of Education's Energy Advisory Committee, which also suggested that the 18-school day obligation could be met by other changes in the 1979-80 calendar.

Anrig said a spokesperson from the State Office of Energy Resources predicted a five to seven percent shortfall in heating fuel for this winter, and that the price of No. 2 heating fuel could reach \$1 per gallon by February.

Seifert said he personally does not recommend the calendar change be made at this time, but that people be aware that it could occur.

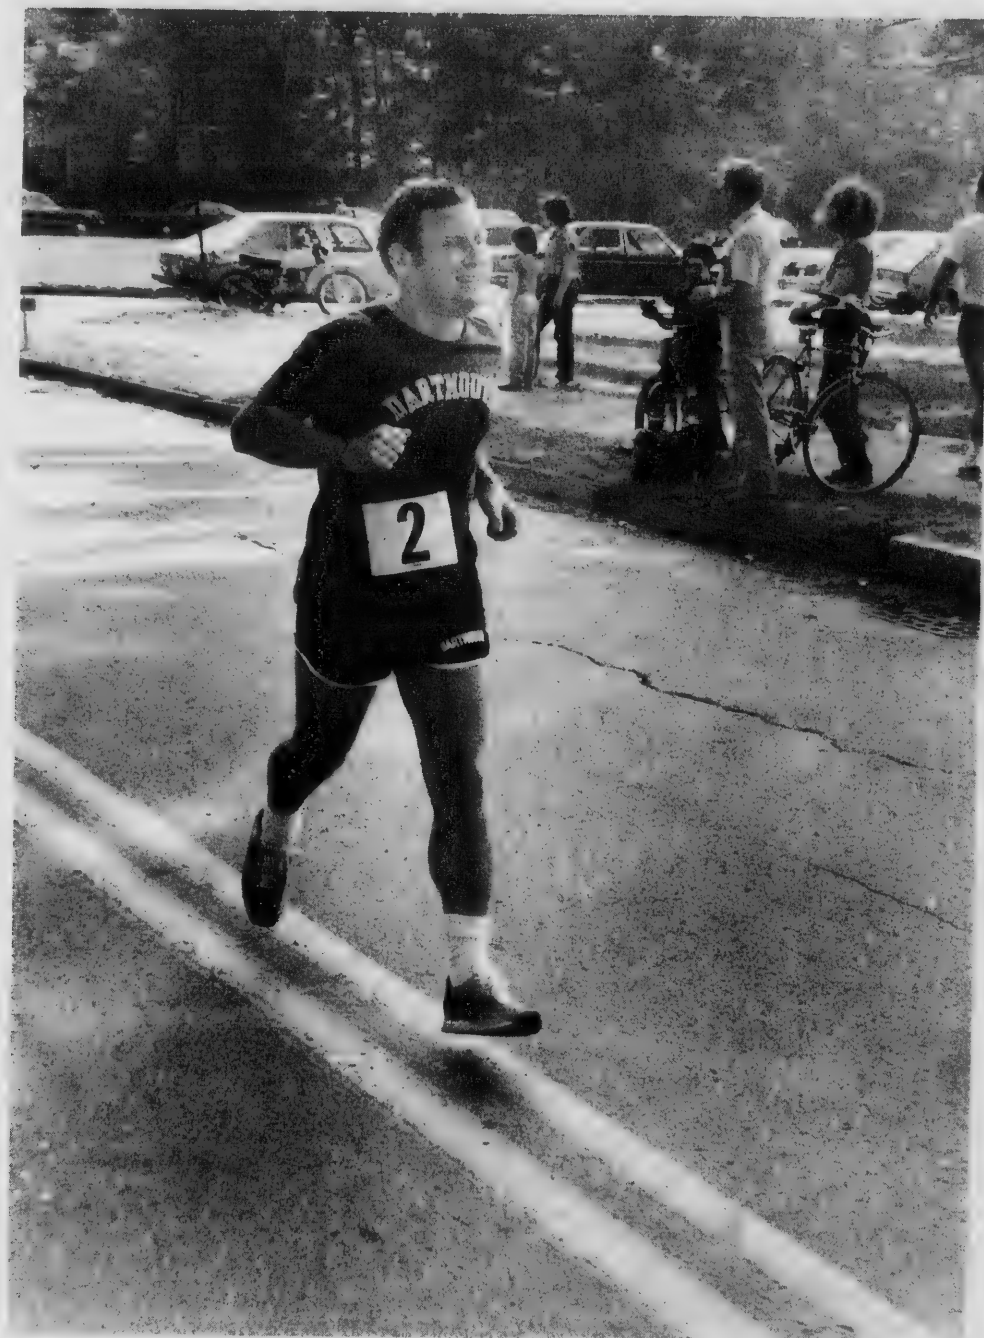

School Chairman Elaine Viehmann said she still gets complaints from people that some of the schools are too hot.

When people are keeping their houses cold and dressing their youngsters in turtlenecks and sweaters, she said, the schools should be cold too.

Seifert said they were considering temperature settings of 55 to 62 degrees, and that some procedures had not yet been implemented. He said the schools should be standard by the middle of November.

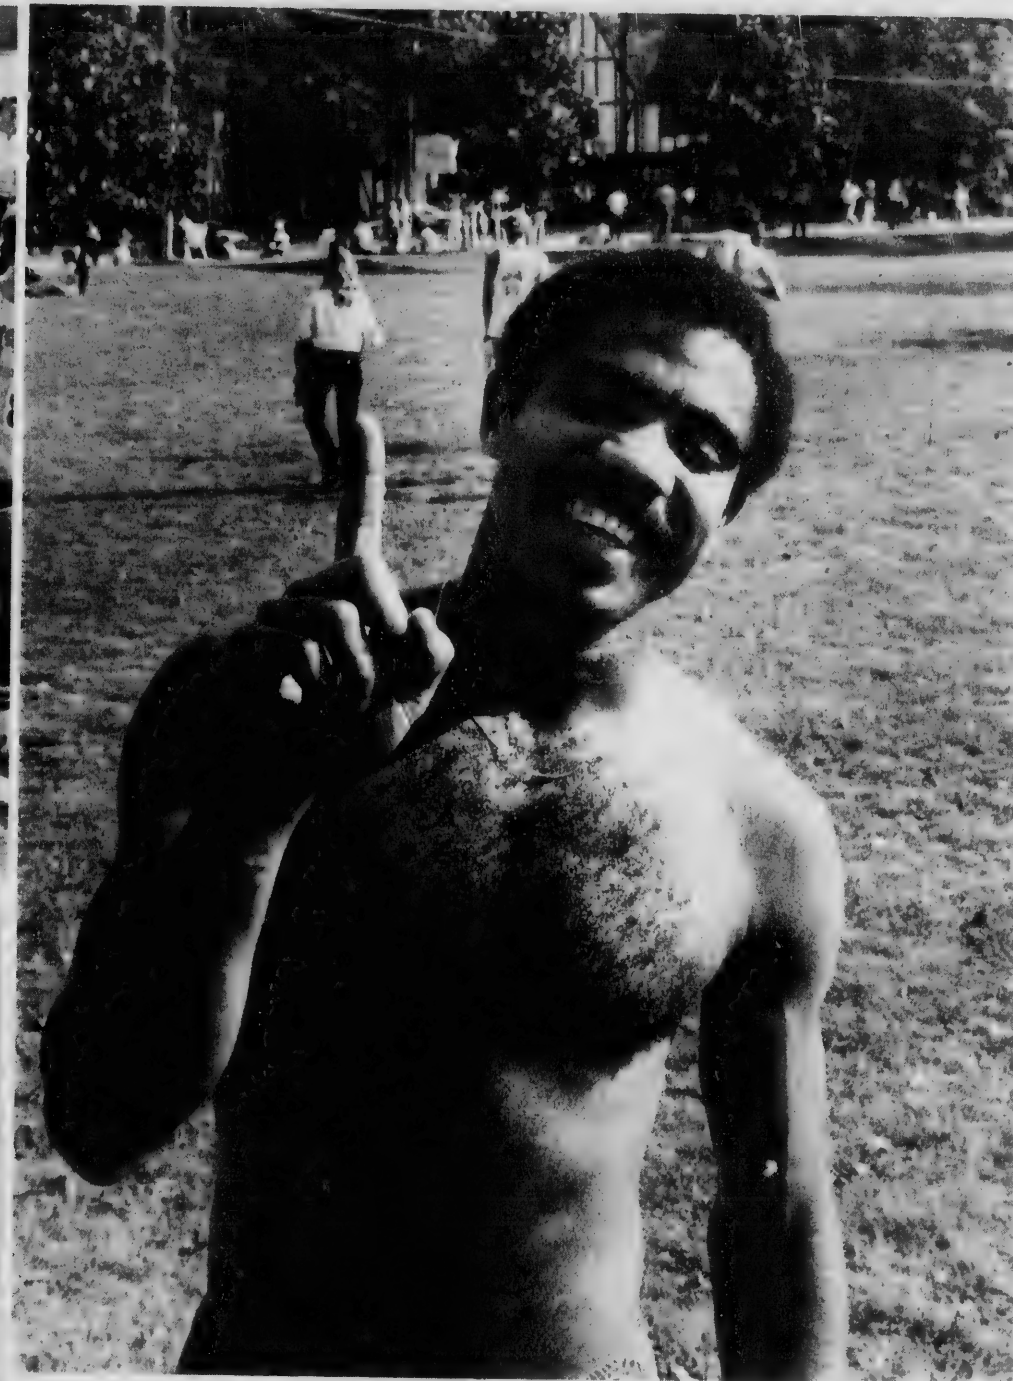

Seifert added that he had come across a child care book from the 1860's, which said 45 to 50 degrees was a "comfortable" temperature, and "very healthy" for the children.

Another possible calendar variation Seifert mentioned is a four-day school week, making up the days in warmer weather.

Annual DCS 5-Mile Foot Race Results

Despite summer-like temperatures and high humidity, almost 150 competitors participated in this past Sunday's Department of Community Services fourth annual five mile Foot Race.

While course record times have been lowered each year, this year's adverse weather conditions slowed the entire field. Samuel Hilario of Lawrence topped all finishers with a winning time of 27.02.

Andover's George Itz was second with a time of 27.31 and James Hamilton — also an Andover resident was third to cross the finish line in 29.35. Ann Marie Daly was the first woman finisher with an outstanding time of 35.26.

In the 14 years and under category, Billy Harrington came in first with a winning time of 34.30.

This year's Foot Race had competition in ten categories. The first three finishers in each category and their respective times were as follows:

Class I (First Resident Finisher) 1. George Itz (27.81); 2. James Hamilton (29.35); 3. Gary Marton (29.56).

Class II (Male Finisher 19-29 yrs.) 1. Samuel Hilario (27.02) overall winner; 2. George Itz (27.31); 3. James Hamilton (29.35).

Class III (Female Finisher 19-29 yrs.) 1. Ann Marie Daly (35.26); 2. Jo-Ann Ross (43.59); 3. Nancy LeGendre (44.57).

Class IV (Female High School Finisher) 1. Erica Labrie (39.08); 2. Nancy Cataldo (54.07); 3. Donna Bibeau (54.09).

Class V (Male High School Finisher) 1. Bruce Bickerton (31.38); 2. Bruce Wilson (35.40); 3. Bill Landry (37.04).

Class VI (Male Finisher 30-39 yrs.) 1. Robert Emerson (31.04); 2. Bruce Johnson (32.25); 3. Joe Fitzgerald (32.41).

Class VII (Female Finisher 30-39 yrs.) 1. Jill Daly (37.49); 2. Pat McAlory (37.56); 3. Patricia Sheehan (38.17).

Class VIII (Male Finisher 40 yrs. and over) 1. Paul Brokaw (32.05); 2. George Nason (35.21); 3. John Bickerton (35.55).

Class IX (Female Finisher 40 yrs. and over) 1. Edith St. Jean (63.07).

Class X (Finisher 14 yrs. and under) 1. Billy Harrington (34.30); 2. Kevin Kennelly (38.26); 3. Sean McDermott/Eric Shannon (38.57).

The Department would like to especially thank the following individuals who volunteered their time to help run a smooth and efficient race: Ruth Shapiro, Nancy Redding, Pauli Savage, Debbie Cronin and Andy Lafferty.

Legislating More Duties For Autumn

Last week, town meeting dictated that henceforth residents of Andover must dispose of leaves in the Autumn of the year.

For the past several years, the town has patrolled streets with amazing irregularity picking up the mounds of leaves raked to the curb by residents of the town.

That service was initiated because ecologists and safety people impressed on the legislature the harm caused by burning leaves, thus disposal of same through burning was prohibited.

Now, in a money pinch, the town says it won't provide the pickup service any longer and residents must handle the entire Autumn ritual on their own.

The erosion of public service continues.

It was bad enough that the pungent aroma of burning leaves was denied us, now we must find suitable ways to get rid of the remnants of the natural progression of the seasons.

It must be pointed out that the basic decision not to vacuum our streets of leaves was made in the Spring of the year. What was accomplished last week was the adopting of a bylaw which will forever eliminate municipal operatives from picking up leaves.

Approval of cutting the service through budget reductions in the Department of Public Works passed virtually unnoticed in the Spring, despite warnings.

This is understandable.

Let's face it. In the Spring of the year "when hope springs eternal," the Magnolias are in bloom, and the trees are taking on their budding splendor, who can think of having to rake the residue in October.

And, it was a time, this year, when such people as the Finance Committee had replaced thinking caps, with tax caps.

So little thought was given to the fact that leaves fall every Autumn and something has to be done with them.

Until now, nobody really cared.

Harriet Ahouse explained the situation most eloquently when she told town meeting of the quandry which could be raised as to proper ownership of leaves.

Until now, she raked the leaves from her yard, never questioning whether they fell from neighbor's or town trees. It was just the proper thing to do.

Now, with the town saying it will continue to unclog catch basins infested with leaves, who is to determine whether the leaves came from town trees, or from sylvan terrace nestled some distance from the road.

Add to this the fact that residents are permitted only six "Keep Andover Clean" trash bags by the curb, and leaf disposal is a problem.

While the refuse contractor has been picking up a few more bags on his daily rounds, he is only required to pick up six, and it takes more than a half dozen to accommodate the annual leaf deluge.

Citizens can trek to the former landfill site off Chandler Road to dump off leaves only, but the hours of operation there have also been curtailed by tax cap procedures of the annual town meeting.

Of course there are some people in Andover who are completely unaffected by the decision. They are the ones who never did get the service in the years it was in operation, such as West Andover, where the residents claim they are last to be served, if at all.

As a suggestion it might be feasible to institute a Rake Andover Clean weekend next fall in which all residents will concentrate on ridding the countryside of leaves and parading past stark-naked trees taking on their winter thermal bark to the tune of "Autumn Leaves," piped throughout the town. The only trouble with that is that the Finance Committee would probably jam the airwaves with Sinatra's rendition of "I Did It My Way," thus taking the joy out of the whole thing.

We comment on the leaf problems, primarily to point out the seriousness of municipal government and town meeting. In Andover, if one worries about leashing dogs, eradicating mosquitoes or spending a few thousand dollars to pick up leaves, then such things as \$14 million in new school buildings and the like, will probably take care of themselves without too much difficulty.

Leaf Pick-Up

To The Editor of the TOWNSMAN:

The Town Manager's article on No Leaf Pickup This Year and The Falling Leaves — They're Your Responsibility — in the Townsman of October 11 and 18 respectively is quite understandable.

For the private citizen to accept responsibility for the disposal of leaves from trees on his own property is a worthwhile contribution to the financial woes of the Town. However, there is an abundance of trees on Town Property which the Town can hardly expect the property owner to rake back onto his own property and bag.

There Must be pick up of leaves in the Town — sometime — whether it is now or next Spring. To say there will be No Leaf Pickup This Year is ridiculous. There are plenty of town trucks and man power — Use them and accept responsibility for what is yours.

Homecoming Honors

Andover High Homecoming events last weekend culminated in the selection of two queens to reign over the events and honoring a student for his outstanding contributions to the school. Selected as queens in a tie vote for the honor were Bar-

Aquathon Scheduled For Nov. 4

The Third Annual Easter Seal Aquathon will take place at the Greater Lawrence Vocational School, River Road, West Andover, Sunday, Nov. 4 from 2 to 5 p.m. Any swimmer, any age, is invited to participate.

Sartory Trail Is Planned

A meeting of volunteers to work on the Andrew Sartory Fitness Trail at South School will be held tonight at 7 p.m. in the school's media center.

Volunteers from the community who can offer skills and materials for the project are welcome at this organizational meeting.

The trail will be built in the memory of Andrew Sartory, a 12-year-old newspaper delivery boy killed in a car accident Aug. 15, 1979.

The decision to build the trail was announced in June, and ground has been cleared for the project as it was then planned. Since then the proposed project has been expanded to permit use by the community.

Maureen Wrobel, temporary coordinator of the project, said help is needed in design and construction, and suggested that those interested in getting a better idea of what is planned should look at the fitness trail at the Wilmington Clinic, Route 62.

Swimmers will solicit sponsors who pledge an amount of money for each length of the pool swam in a fifteen minute period. After the swim, the contributions will be collected by the swimmers from their sponsors.

A grand prize of a weeklong trip for two to Walt Disney World in Florida will be awarded to the Aquathon swimmer who raises more money than any other swimmer in the State. A second prize of a 10 speed Ross Europa bicycle will also be awarded.

Local prizes include a Calculator donated by K-Mart, AM-FM Radio, Gift Certificate from Russem's, passes to Showcase Cinema in Lawrence. Windbreakers will be given to all swimmers who raise \$100 and T-Shirts to those who raise \$25.

Rescue

A two-day weekend workshop in basic mountain rescue will be held at Boston University's Sargent Camp in Peterborough, N.H. Oct. 27 and 28. The workshop provides practical training in rescues for climbers and hikers trapped on rock faces and high elevations. For reservations and information call Allen Hollander at Sargent Camp:

IDEAS ON CARING FOR YOUR FURNITURE

The proper care of furniture can keep it looking fresh and new, even after years of use. So to help you, we thought it would be a good idea this week to present a few tips to remember in caring for your furniture:

Be sure to pre-test polishes and cleaning materials on an inconspicuous part of the furniture before applying to more exposed surfaces.

If liquid spills on furniture, remove it by a blotting — rather than by a wiping — action.

When dusting, waxing or making minor repairs, always work with the grain of the wood. Dust with a lint-free absorbent cloth.

Don't use nail polish remover on furniture. It can soften the finish.

Dust leather, don't wax it, because waxing can seal the surface and make it hard.

Plastics should not be cleaned with a solvent. Use warm water and mild detergent. Rinse and wipe dry.

In caring for upholstered furniture, brush it weekly; and another good idea is to reverse cushions to equalize wear.

And, don't forget that for all of your furniture and decorating needs, it can pay you to visit us, so stop in.

Walsh Paces Warriors To 12-8 Homecoming Win

By Rick Harrison

The resurgent Andover High football team rode the strong right arm of senior quarterback Tom Walsh to its third straight victory last Saturday, a come-from-behind 14-8 Merrimack Valley Conference triumph over Methuen on Homecoming Day at Lovely Field.

Walsh passed for one touchdown, scored the second TD, and completed 12-of-22 aeriels for 153 yards to spark the win.

Coach Dick Collins' crew, which lost three close games at the beginning of the season, improved to 3-3-0 overall and 3-2-0 in the Conference.

Methuen, fresh off a 16-12 conquest of Wilmington, dropped to 2-3-1 overall and 2-2-1 in the league.

The Golden Warriors, who have turned a potentially-disasterous year completely around, have an excellent chance at a winning season with Billerica, Lawrence, Chelmsford and Central Catholic remaining on the schedule.

Methuen Jumps Ahead

Andover took the opening kickoff and began to move immediately, as Walsh drilled a 23-yard pass to Jim Lacourse, and Dave Nardone rambled 13 yards on a pitchout to the Rangers' 35 yard line.

The Warriors lost possession on the next play, however, as an errant lateral was tracked down by Methuen sophomore tackle Moe Caruso.

The visitors proceeded to march 57 yards in nine plays for their only touchdown of the game.

John Muise found two holes over right tackle on the first two plays, slamming 14 and 17 yards for consecutive first downs at the AHS 26.

Quarterback Mike Jozokos rambled seven and five yards on a pair of keepers, the second run on a fourth down play to set up a first down at the Andover 13.

Two rushes by junior halfback Jim Graham netted just two yards, but on third down Jozokos lofted an 11 yard touchdown aerial to Quad-Capt. Tony Masucci.

Masucci caught the ball inches inside the right sideline, making the grab despite the fact AHS defenders Bruce Turgiss, Bob Hunter and Lacourse had him pretty well surrounded.

Graham knifed over for the two-point conversion and an 8-0 Methuen lead just 5:22 into the game.

Walsh Goes Airborne

The rival defenses took over for the rest of the opening period, as the teams exchanged three punts.

Methuen, whose previous losses were to North Andover (27-24) and Chelmsford (18-6 but 6-6 in the fourth period), opened the second quarter by driving from its own 36 to the Golden Warriors' 35.

Short bursts by Jozokos, Muise and Graham did the damage, along with a costly facemask penalty.

However, the march ended when the ever-present Lacourse pounced on a Muise fumble at the Andover 28 yard line.

Walsh immediately went to the air and barely missed connections with speedy Mel Berger on a long bomb at the Methuen 30.

The teams traded punts once again, with Dave Nardone booming a 44-yarder, and late in the half Walsh directed a masterful 61-yard airborne march to paydirt.

An 11-yard strike to Berger brought the ball to midfield, and then three straight

completions to Jim Stamas (14 yards), Nardone (10 yards) and Nardone again (17 yards) moved the ball to the Rangers' nine.

Two rushes by Walsh netted only two yards, and a subsequent TD pass to Berger was nullified by a holding penalty which backtracked the ball to the 26.

On a third down play with time running out, Walsh fired a pass intended for Lacourse at the five yard line. The ball was slightly off-target, but Lacourse was bumped and interference was called.

Two formations later Walsh zinged a five yard scoring pass to Lacourse, and the same pair teamed on the conversion toss to tie the game 8-8 with 48 seconds left in the half.

For Lacourse (32 points) it was his third touchdown catch in the last two game and fifth this season.

Walsh completed the first half 9-for-12 for 94 yards.

Scoreless Third

Andover mounted the lone threat of the scoreless third period, as the Rangers were unable to get beyond their own 28 yard line in three possessions.

The Warriors' stubborn defense held Methuen to no first downs and a mere eight yards total offense in the quarter.

The AHS drive started at midfield, with the two key gainers a 12 yard run by Berger and a 13-yard pass to Berger at the Methuen 22.

A bomb to the swift Lacourse fell incomplete in the endzone, and two plays later the drive fizzled when Walsh overthrew Nardone.

Warriors Pull It Out

Defensive lineman Dave Grant helped set up the winning TD, putting a fierce rush on Methuen punter Jozokos on the final play of the third stanza.

Jozokos, kicking against the wind under heavy pressure, managed only a 12 yarder that bounced out of bounds at the Rangers' 39.

Two Walsh passes to Nardone and Lacourse fell incomplete, but on third down the senior signal-caller turned a broken play into a 32 yard gain by lofting a pass to Nardone at the seven. Nardone came up with a fine catch while backpeddling.

Walsh busted to the one foot line on a keeper left, and he then snuck over to give Andover a 14-8 lead at 1:12 of the final period.

Mike Reilly' attempted PAT kick sailed wide to the left.

Aerial Thefts

The Rangers, unable to sustain anything offensively since their first series, woke up on the ensuing kickoff and marched from their own 30 yard line to the Andover 21.

Runs by Graham and Jozokos brought the ball to midfield, and Jozokos found Tony Masucci with a 14-yard pass.

The drive appeared to stall at this point, but a fourth down facemask infraction as Jozokos was being sacked gave Methuen new life at the Golden Warriors' 21.

Jozokos was popped hard on the following play, however, and Noel Pizarro converged on the ball with Guy Nicholas for the key fumble recovery.

It was the first of four big turnovers by Methuen in the final five minutes of play. Andover pushed the ball back to mid-

field before Nardone was forced to punt with 2:30 remaining.

Jim Stamas intercepted a Jozokos pass at the Methuen 39 on the next play, but the Warriors were unable to move and surrendered on downs at the 33 with 1:58 left.

Again Jozokos went to the air, but this time Lacourse swiped his long bomb at the Warriors' 34.

The Rangers weren't dead yet, however, as George St. Hilaire pounced on an AHS fumble at the Warriors' 48 with 1:43 left.

A pair of runs by Jozokos and Graham produced a first down at the 37 with 1:01 to go.

Jozokos tried one final pass, but Nardone made a diving interception to kill Methuen's last hope.

Stats

Andover held statistical edges in first downs (13-9), yards passing (153-25), total yardage from scrimmage (250-139), and scrimmage plays (65-43).

The Golden Warriors played ball control in the second half, running off 37 plays to only 18 for Methuen.

Lacourse finished the contest with four receptions for 52 yards. Nardone caught three-for-59 yards, Stamas two-for-28, Berger two-for-24, and Mike Chicklis one for minus 10.

Berger led all AHS rushers with a net 42 yards in nine carries. Walsh, who wasn't sacked once, added 37 yards in 10 carries

and Nardone 31 in 10 lugs.

Nardone averaged 37.9 yards for five punts, including a 60-yarder.

Defense

Among the defensive standouts for Andover were Ken Hyslip, Ira Gold, Jim DePiano, Bill Stahler, Bob Hunter, Jim Lacourse, Jim Stamas, Dave Grant, Dan Dellatto and Dave Nardone.

Blocking well for the Warriors were Paul Bruk, Mark Robichaud, Eric Darby, Dan Sirois and Gold.

Injuries

Defensive back Glenn McIntyre is expected back for the Billerica game.

The junior was forced out of action with a neck and back injury early in the Wilmington game, missing the Austin Prep and Methuen contests.

Junior defensive back and halfback Wayne Merola is out indefinitely with a broken bone in his hand. Merola was injured when tackled on an interception return during the Tewksbury game.

Billerica

The Indians will enter with a deceptive 2-4 record, the losses all close decisions to undefeated Ipswich (20-15), undefeated Dracut (15-11), Tewksbury (22-13) and Wilmington (14-8).

(Continued on Page 43)

Kickoff

Mike Chicklis puts a solid foot to the football as he kicks off to Methuen after Andover scored the winning touchdown in Golden Warriors' 14-8 Homecoming Day win last Saturday at Lovely field. Andover now 3-3 on the season travels to Billerica Saturday afternoon.

Warrior Booters Even In Standings

By Ben Bram

The vastly improved Andover High School Golden Warrior Soccer team, peaking at the end of the season, played their best soccer of the year this week, but only came out even in the standings of the Merrimack Valley conference. The Warriors beat Austin Prep 4-2, tied Methuen 3-3, and lost to Billerica 1-0.

Andover came from behind against Austin and scored a very impressive victory. The Cougars, led by Stuart Kelley, jumped out to a two goal lead but the determined Warriors clawed back. Dave Hotham scored the first goal on a header just over the out of position netminder. The play was set up by an outstanding throw-in by Greg Shionis. Jake Powell and Adam Roberts teamed up to knot the score 2-2 when, on an indirect kick, Powell placed the ball down immediately, and passed it to Roberts, who knocked it in. Hotham scored the winner when he beat a defender to the ball and blasted it into an open net. The fourth goal was headed in spectacularly by Steve Luby after Mark Reed rifled a pass to him.

In the game under the lights against Methuen, the Warriors thrilled their supporters, who showed up in full force Friday, with some very exciting soccer. Unfortunately they could only manage a 3-3 tie. The game, which seemed to sway back

and forth, was marked by these goals for the sophomore line. Adam Roberts scored first with a rocket that the Ranger goalie couldn't handle. The second goal, tying up the game at 2-2, was scored by Jake Powell after Jeff Barlow deflected a corner kick in his direction. The final goal came on a brilliant shot by Ian Yates that stunned the Methuen crowd. Yates took the pass from Barlow on the right wing and drilled it over the goaltender. The Warriors made some strong rushes at the end of the game but could not break the deadlock.

In Monday's game against Billerica, the Warrior's nearly defeated the first place Indians. According to Andover coach David Amundsen, the game "was a tremendous improvement over the first time we played them — it could have gone either way." The Billerica goal was scored on a mental lapse and Andover could have scored themselves many times, including a penalty shot. Outstanding players were Paul Reichert, Jeff Barlow, and Mark Reed, before leaving with an injury.

Halfback Chuck Augello has continued his consistent play and has become one of the stalwarts of the midfield after being switched from fullback, where he had been nothing short of spectacular. The team also anxiously awaits the return of co-captain Bill Donavon, currently out with a broken nose.

Soccer Donation

Andover Soccer Association recently donated \$1,000 soccer goals to Andover High school for use in boys and girls varsity and JV soccer. The association also gave 20 soccer balls for use in the elementary schools. Balls were also donated to St. Augustine's and Pike schools. At presentation, from left, ASA President James DiClemente, Varsity Soccer Coach Dave Amundsen and Athletic Director Dick Swift.

Vikes Take Two, Dolphins Pound Skins

Oct. 18 Junior Grid Action

By Gerry Ahern
Vikings 7, Redskins 0

The Redskins fielded Shane Smith's opening kickoff at their own 25. Tom Majerison rambled up to the 45 before being brought down by Ron Geiss. A Redskin clipping penalty brought the ball back to the 30 where the Skins took over first and 10. Skins QB Bill Lane was sacked for a six yard loss by Ron Geiss, this coupled with a Redskin offside penalty made it third and 22 for the Skins. Viking defensive lineman Chat Churbuck snuck into the backfield to tackle Tom Majerison for no gain. Kevin Rourke punted the ball away and the Vikes took over first and 10 on their own 30. The Vikes wasted no time in moving the ball as the backfield combo of Mike Redgate and Bob Salisbury rushed for a first down. On the following play Jim Stelzer ran 48 yards to paydirt, his second TD of the year. Mike Redgate rushed for the conversion running the score up to 7-0, Vikings. Another fine Redskin kickoff return was nullified because of a clipping penalty. Thurs, the Redskins took over first and 10 on their own 25. The Skins could not successfully move the ball, and they punted it away. The Vikes offense led by QB Tim Perry rushed for a first down, but could move the ball no further. The teams exchanged the ball once more and the half came to a close; the score Vikes 7, Redskins 0. The B-Teams came in to start the second half. The Vikes took over first and 10 on their own 35. Their offense was led by Steve Redgate, and Richard Bordelais who combined for a first down. The rains then became heavy and the teams seemed to have trouble holding to the ball. The Redskin B team then took possession of the ball but could not move it up field. The teams traded the ball once and the quarter came to a close the score Vikes 7, Skins 0. The A-Teams then came back, the Vikes took over first and 10 on the Skin 45. The Stelzer backfield combo rambled for a first down. The Vike offense was then shut down by the rains as well as the tough Skin defense. The Skins offense took over on their own 20. After running their first down play for a two yard gain lightening struck and the field was cleared. The final 8 plays were played the following week. The Skins took over second and 10 on their own 22. Offsides against the Redskins made it a third and 13 situation. The Skins ran their third down play for no gain, and then punted the ball in to the Vikes who took over first and 10 on their own 45. They sat on the ball and went on to win the game 7-0. Offensive standouts for the Vikes A squad were Jim Stelzer, Mike Redgate, and Tim Perry, the Vike A defense was led by Ron Geiss and Chat Churbuck. The Skins A offense was led by Tom Majerison

and Bill Lane. The Skins A defense was led by S.K. Kelly, and Kevin Rourke. The Vike B-Team was held up offensively and defensively by Richard Bordelais, and Steve Redgate. The SKins B's were led by Mark Doherty and Greg Hopwood.

Vikings 19, Colts 0

The Colts' Robbie Carpentier booted his kickoff deep to Jimmy Stelzer who returned it to his own 35, where the Vikes took over first and 10. The teams found that their offenses had trouble moving the ball as they traded the ball once. On the Vikes second possession they fumbled the ball away to the Colts. On the Colts second possession they fumbled the ball back to the Vikes. The Vikes slowly moved the ball before Jimmy Stelzer ripped for 32 yards to make it a first and 10 situation on the Colts 30. An illegal procedure call against the Colts made it a first and five for the Vikes. A fumbled snap on the next play was recovered by the Vikes, and the quarter came to a close with no score on the board. The Vikes started the second quarter with a second and 6 situation. Mike Redgate rambled for a three yard gain. On the next play the Vike QB was nearly sacked but instead fumbled and the Colts recovered it. They took over first and 10 on their own 45. Their first down play was blown dead because of a procedure penalty. On their second down play QB Robbie Carpentier was sacked by Shane Smith. Their third down play was for no gain as Mike Redgate brought down Eric Phosi. The Colts Punted the ball away to the Vikes who have it right back to the Colts on a fumble. The Colts took over first and 10 on their own 48. On second down Robbie Carpentier completed a pass to Chris Bartley to the Vike 49. The Colts could no longer move the ball upfield, so they turned over to the Vikes. Neither team could successfully move the ball before the half closed as they traded the ball twice. The score at the end of the half Vikes 0, the Colts 0.

The Vikes Walter Radulski kicked off the Colts Mike Hart who brought the ball to his own 36 where the Colts took over first and 10. The Colts fumbled the ball and the Vikes took over first and 10 on the Colt 32. On the next play Rich Bordelais bolted 32 yards to paydirt his second TD of the year. The PAT failed making the score 6-0 Vikes. The Colts took the ensuing kickoff on their own 40. The Colts fumbled and the Vikes took over first and 10 on the Colts 38. Richard Bordelais got the Ball down to the 15. The backfield combo of Walt Radulski

Andover 8, Chelsea 7

Andover played two strong periods against Chelsea, scoring 4 goals in each. Chris Sapuppo netted the first 2 goals in assists by Dave Riddiford and Peter Trede. Chelsea came back immediately with steady offensive pressure, and slipped in their first goal, following a string of excellent saves by goalie Jim Berberian. Andover took over again, getting strong play up forward by Kyle McCabe, Mark Neaves and Dana Forbes, and at eight minutes Mark Neaves capped off a sensational rink long rush with a pretty score from in close. In some fast up and down action. Matt Young and Bob Stoltz broke up several Chelsea breakaway attempts. Then Matt Alden tallied Andover's fourth goal, assisted by Mike Nelligan and Steve Donovan.

In the second period, Andover scored 4 more times. Mark Neaves had 3 more goals in the period, one unassisted and the others on assists by Kyle McCabe and Dave Riddiford. Riddiford also scored one himself, assisted by Mark Berberian and Chris Sapuppo. However, in the second period Chelsea found its scoring talents and took advantage of Andover lapses, scoring 3 goals.

In the third period, Chelsea added 3 more goals, the last coming with 6 seconds left, to pull within one of tying. But Coach Ferrara's team held off the determined offensive effort to take the win. In the final few hectic minutes, Chris Hansberry kicked out some hard shots.

Andover 5, Somerville 3

Andover took its second victory of the weekend, defeating a strong Somerville team by playing catch-up through the first period and then putting the game away with three unanswered goals in the second.

Somerville opened the scoring with two goals, one less than two minutes into the game, and another about 5 minutes in. Andover closed the gap when Matt Alden drove in a rebound on a shot by Mike Nelligan. Somerville reestablished the margin a few minutes later, but Mark Neaves kept Andover in the game with an unassisted goal near the end of the period, leaving Andover down by one at the end of the first period.

In the second period Andover tied it up on an early goal by Kyle McCabe assisted by Peter Trede, and went ahead a few minutes later when Chris Sapuppo scored unassisted. With a little less than three minutes left in the period, Mark Neaves added an insurance goal on his second unassisted tally.

The third period saw excellent bids by both teams, but neither team could score. Goaltending by Jim Berberian and Chris Hansberry continues to backbone steady defense by pairings of Bob Stoltz, Matt Young, James O'Brien and Peter Trede. Andover's wings and centers showed good versatility today, adapting effectively to new combinations and pairings.

Dolphins, Redskins Victorious

By Chris O'Reilly

The defending champion Bancroft Dolphins upset the previously unbeaten Indian Ridge Vikings 13-0 Sunday to righten up the race in the Andover Junior Football League. In the other game the West Andover Redskins defeated the winless Central Colts for the second time this season.

West Andover Redskins 7 Central Colts 0

In a very close game the Redskins upended the Colts 7-0. The Colts had first possession with the ball at their own 49 but couldn't get anywhere as the Redskin defense led by Joe Jurek, and Scott Kelly stopped them cold. On a fourth and long situation Redskin Bill Lane blocked the Colt punt and the Skins had great field position at the Colt 32, but three penalties moved them back to the Colt 47 and from there had to punt. The Colts took over at their own 25 as the quarter came to a close.

The Colts weren't getting anywhere but on a fourth and six Colt punter, Brian Finnery hit Robbie Carpentier on a short pass that gave the Colts a first down and the Redskins took over at the Colt 37. The Skins couldn't mount a serious scoring threat as neither could the Colts and at the half it was 0-0.

The B squads came in for the third period and it was the same for them as it was for the A squads in the first two periods. The Redskins started a drive at the Colt 40 but the Colts defense along with a holding, penalty, moved the Skins back to the Colt 47. On a fourth and 17, Redskin punter Jeff Kennedy rambled 19 yards for a first down to the Colt 28. More penalties moved the Redskins back and on a fourth and 12, skin punter Kennedy tried to run the same play that got his team the first down on the series before but this time he was nailed before he could get the first down at the Colt 23. The Redskin defense held tough and forced the Colts to give up the ball at the Colt 26. From there Jeff Kennedy and Ray Rourke ran gains of 8 and 7 yards respectively as the quarter ended.

The A squads came in for the fourth quarter with the Redskins having a first and 10 on the Colt 11. On the second play from scrimmage, Mark Doherty rambled in for the score. Tom Majerison scored the conversion and the Redskins had a 7-0 lead they wouldn't relinquish. The Colts trying to come back went to the air but Redskin Jeff Kennedy picked off a pass at the Colt 42 as the game ended.

Starring for the Redskin offense were John Terrion, Rick McEvoy, Tom Majerison, B teamers George Heseltine and Kevin Arsenault. Sparking the West Andover defense were Patrick Burke, Scott

Kelley, Greg Hopwood, Austin Henderson, Ronnie Peck, Bill Lane and Kevin Rourke.

Leading the Colt offense were B team QB John Sweeney, Matt Aumais, Chris Bartley, Mike Gerroir and B teamer Justin Fox. For the defense Eric Pfofi, who had a number of solo tackles, Jay Carpentier, Danny Beckeim and Bob Ditroia led the way.

Bancroft Dolphins 13 Indian Ridge Vikings 0

In the second meeting of the year for the two clubs the Dolphins defeated the Vikings 13-0. In their previous meeting this year, the Vikes shutout the Dolphins 21-0 but that wouldn't be the case this time as the defending champion Dolphins held the highly productive offense to zero points.

The Vikes put the ball in play at their own 34 and started to move. QB John Perry hit Jim Stelzer for a gain of 7 and Bob Salisbury ran for a gain of 8 but then Dolphin Alan Long recovered a fumble on the 50 yard line. From there the Dolphins behind the running of Alan Long, Eric Deloury and a big 20 yard run by Robert Nelson put the ball on the Vike 13. Then Dolphin back Robert Nelson ran in for the touchdown but the conversion failed and the Dolphins led 6-0.

The Vikes had the ball first and 10, at their own 46 as the quarter ended. The Vikings gained a first down before surrendering the ball to the Dolphins at the Dolphin 46. Behind the strong running of Alan Long the Dolphins got a first down at the Vike 41. From the Vike 35 Long rambled to the Vike 14; from there Robert Nelson went in for his second T.D. of the afternoon. Alan Long scored the conversion and the Dolphins led 13-0.

The two teams traded the ball once as the half ended and the third quarter began with the Dolphins putting the ball in play at their own 37.

The two teams struggled around midfield for most of the period but the farthest either team got was the Vikes on the Dolphin 35 as the quarter ended. The Dolphin defense stopped the Vikes drive there, taking over at their own 33. From there they started a long drive led by the running of Robert Nelson and Alan Long the Dolphins moved swiftly downfield into Viking territory. On a fourth and 6 from the Viking 17, the Dolphins went to the air but Viking safety Jim Stelzer picked off a pass at his own 4 yard line. The Vikes started to march picking up a first down but time ran out on them.

Leading the Dolphin offense were Alan Long, Robert Nelson, QB Dean Lopresti and B teamers Scott Grant and Brendan Lynch. Helping out on the Bancroft defense were Rex Lynch, Alan Long, Scott McAllister and B teamers Anthony Scioli and Paul Gilmartin.

Sparking the Viking offense were Jim Stelzer, Robert Salisbury, Shane Smith, B teamers John Perry, Steve Redgate and Richard Bourdelais. Leading the Vike defense were Chat Churback, Tim Scanlon, Mike Redgate, Steve Redgate

and B teamers Jeff Leeman, Peter Derba, Greg Harris and Kraig and Kurt Burzlaff.

Schedule

Next Sunday at the Playstead at 1 p.m. the Redskins will play the Dolphins and the Vikings will tangle with the Colts.

Anti-Left

Car thieves will have to go back to school to learn some new tricks of their trade. Detroit will make it a little more difficult for them to get away with what they're doing. The 1980 models will have six additional components identified with numbers. These include front fenders, right-front door, hood, trunk lid and real body structure. In addition, the VIN (vehicle identification number) will be typed on a special label which will self-destruct if any attempt is made to remove it.

Andover Girls' Soccer

The team played away at Peabody Monday, earning their sixth straight victory, 2-1. The team's standing to date is 6-2.

The two goals were both shot by consistent scorer Linda Greggs and assisted by Davynne Williams and Karen Hardock. Quick footwork and ball handling were displayed by all the forward players, especially Heather Thompson who executed finesse with speed.

Lisa Peters, Barbara Duncan, and Sandy Fitzpatrick played exceptionally well

as midfielders with sudden traps and explosive quicks, along with the fullbacks Karen Surrette, Kim Worthley and Beth Luciano who tactfully and aggressively kept the ball downfield away from our goalie Susan Jasmin. Susan saved six attempts on goal and also aided her teammates with her explosive voice into proper positions and strategies for her to become one of the team's most valued players.

This Friday at 3:30 the girls play Chelmsford for the second time at Andover.

YBA basketball is different. In YBA the name of the game is values, participation and fun. Everybody plays equal time. YBA basketball is played with nine-person teams. Each player plays a specified amount of time so that each boy and girl has the opportunity to play competitive basketball under league conditions.

During the season each player has an opportunity to judge his or her own game skills as well as personal growth, ability to play team basketball, respect for each other, the referees and the opposition. Youth learn to respect the opponent because with the opponent, there is no game.

No players are "cut" or not allowed to "make" the team. When a boy or girl

signs up for YYBA at the YMCA, he or she is automatically a member of a team. Parents and guardians are involved in league play as volunteer coaches, score keepers, referees and in other positions.

Designed jointly by the "Y" and NBA Players Association, YBA was fully tested before play began four years ago. In the initial seasons more than 175,000 youngsters participated in about 600 YMCA's.

YBA has been an instant success because too many kids have suffered through being told the "weren't good enough" to play other sports or coaches wouldn't let marginal players have an opportunity.

Synthetic Oils

Many motorists use fancy synthetic oils in their new cars. This is not always a wise practice.

Synthetic oils (which cost three to four times extra) do have many advantages over regular oil. They last longer between changes, reduce engine wear, and give you better gas mileage. But apparently they should not be poured into new engines. Engines contain many rubber-like seals which need regular mineral oil to make them swell and fit tightly. If you put in synthetic oil right away, then the seal won't "cure" correctly, and it could lead to some leaking.

Billerica features a fine passer in Eric Ekberg, who has tossed four TD passes. His favorite targets are John Harlow and Rich Galvin.

Ekberg was injured last week in the loss to Wilmington, but he expects to be back this Saturday.

The game, to be played at the Marshall Middle School field in Billerica, will also mark the annual "reunion" of Andover assistant coach Dick Bourdelais and Billerica Head Coach Clyde Meyerhoefer. The pair were classmates, teammates and roommates at the University of Massachusetts.

Boudreau On The Nose

Longtime Andover teacher-coach Ted Boudreau, whose silver-tongued wizardry on the public address system keeps the Golden Warriors' crowd informed at all home games, picked the score of the Methuen game on the nose.

Prior to the contest the "Sage of East Junior High" wrote Andover 14, Methuen 8 on a slip of paper.

For a nominal fee, Ted will help all those betting the football card for the remaining five weeks of the season.

While 13 different games are going on in the gym, cider, coffee and many homemade refreshments will be served in the cafeteria. One of the highlights of the evening will be the traditional costume contest with prizes for the best costume at each age level from pre-school, kindergarten through grade 6, and adult.

All Shawsheen families and Bancroft School families with children who have been attending Shawsheen School are invited to attend. Further information may be obtained by calling Elen Zipeto.

Clark Chrysler-Plymouth Now Showing 1980 Models

Shopping around for a new car? Be sure to see the new 1980 Chrysler-Plymouth line being introduced now at Clark Chrysler-Plymouth, 273 South Union Street, Lawrence. There is a new Chrysler or Plymouth model to suit your family and your budget!

Chrysler Cordoba has been restyled for '80. It is lighter by about 350 lbs. Wheelbase has been cut to 112.7 in. from 114.9 in. The EPA's roominess index, however, indicates that there is more room inside the car even though it is smaller overall. There is a new grille pattern and the tail lamps have been redesigned, but Cordoba retains its long hood, short deck look. LeBaron offers a new look and

a lower priced wagon. The intermediate LeBaron has a new grille and rear-end treatment. Wheelbase of the two-door has been trimmed, weight has been reduced. There are eight LeBaron models — LeBaron: 4-door sedan, coupe and 4-door 2-seat wagon; LeBaron Salon: 4-door sedan and coupe; LeBaron Town & Country: 4-door 2-seat wagon; and LeBaron Medallion: 4-door sedan and coupe.

Luxurious interiors and traditional big car ride are features of the Chrysler New Yorker and Newport again this year, with exciting new options. Available in two models: Newport 4-door sedan and New Yorker 4-door sedan.

The Plymouth Gran Fury is totally new, handsomely appointed inside and out, comforting to own and comfortable to be in. And don't forget the exciting Horizon, the car that's taken the economy-minded car buyer by storm this past year!

Wagons, coupes, sedans, efficiency models, sports cars, hatchbacks, pickups, whatever your transportation needs, see Clark Chrysler-Plymouth and take a test drive. They can also offer you good buys on their inventory of '79 new cars, plus fine reconditioned used vehicles.

Clark Chrysler-Plymouth is open weekdays 9 A.M. to 9 P.M. and Saturdays from 9 to 5. Tel. 688-6053.

HOW MANY HOUSES IN YOUR FUTURE?

Sometimes a look into the past will give you an educated guess as to your future homeowning status. So it goes with a recently completed survey of homeowners by a major Mortgage Insurance Company.

If you are an average statistic, you can expect to own three or four homes in your lifetime. The survey found that 76% of all newly-married couples start out by living in rental housing — primarily apartments. It then progresses to the purchase of the first home with the advent of children. Sixty eight percent of couples owning their first home

have at least one child. Although 31% reported their home adequate, 55% reported they were actively looking for a larger house. Although larger quarters was a major reason for moving, 63% said a more expensive home in a better neighborhood was a better investment in light of their experiences in the first two homes.

If there is anything we can do to help you in the field of real estate, please phone or drop in at **THE HOWE AGENCY**, 4 Pynchard Ave., Andover. Phone: 475-5100. We're here to help.

New Bus Routes To Begin

New secondary bus routes, which will affect all seventh through 12th graders who are entitled to ride, will go into effect Monday, Nov. 4.

The routes will be printed in next week's TOWNSMAN complete with street indexes, and Transportation Asst. Sam Arcidy said this week he hopes all students will

McIntyre, a former school committee member and high school teacher and coach, had been unable to attend committee meetings for several months for health reasons.

At next Thursday's joint meeting, the educational philosophy statement of the school committee will be discussed. A draft of it was distributed to building committee members last week, and the document underwent some revision Tuesday by the school committee.

School Superintendent Kenneth Seifert requested that citizenship and commitment to the arts be added to the philosophy. Assistant Supt. Charles Mitsakos requested that physical well-being

Parker said that patrols have been increased in the area, and the Jeep acquired by the department earlier this year, utilized in going into the area on patrol.

While there have been no serious incidents such as occurred on Saturday, there have been minor problems in the area from time to time, with "beer parties," and dirt bike groups using the pit for recreation.
